# About Evisa Simpson

---

Evisa Simpson is a children's author and mum of three who turns everyday moments into magical adventures.

Growing up in snowy Latvia, she fell in love with storytelling while listening to her grandmother's bedtime tales—stories full of warmth, giggles, and just a little mischief.

After more than 20 years in aviation, Evisa swapped flight paths for story paths, creating the Tippy Taps Elf series and other whimsical picture books like *Burple* and *Mr. Pufferton at the Tea Party*.

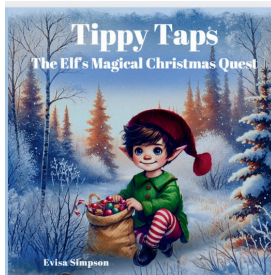

Her mission is to write stories that spark laughter, imagination, and joyful moments families can share together.
